

31 Jan 2006

Cordell Vail, CSTE

**This document is the results of a search in the
GOOGLE search engine for the following testing terms**

Title Searched For	# Of Entries	Page # in this document
Microsoft LOAD Testing Tools	24,200,00	2
Software LOAD Testing Tools	51,600,00	5
Software STRESS Testing Tools	20,500,000	7
Software VOLUME Testing Tools	57,300,00	9
Software PERFORMANCE Testing Tools	161,000,000	11
Software BENCHMARK Testing Tools	21,000,000	13
Software BASELINE Testing Tools	14,400,000	15

**Displaying the total number of entries here in the
GOOGLE search engine simply gives a reflection of the
interest in that subject in the testing world.**

**(NOTE: the first 20 entries were copied into this
document. I made the titles to each entry a hyperlink to
the web page so you don't have to copy and past it into
your browser. To visit the web page, just hold down the
CONTROL key then click on the title and it will
hyperlink there. At the time I created this document all
links were good, but they may no longer be a valid web
page when you try to use this document at a later time.)**

MICROSOFT LOAD TESTING TOOLS IN THE GOOGLE SEARCH ENGINE (20 of 24,200,000)

[Stress tools to test your Web server](#)

By simulating load for your application, you can test concurrency issues as well as better ...
The following Web stress tools are available from Microsoft: ...
